- Maximizing Deal Value

Our sessions and presentations provide innovative, educational, and/or practical information that is relevant across your audience, whether they be technical-professional, managerial, or strategy makers. We believe that all levels will discover that our contributions can add significantly to the expansion of their knowledge and skills. The attached document provides an overview of some of our presentations, articles, points of view and key personnel. It may prove useful as you determine where we may be able to assist in informing and educating your audience. Please review and feel free to contact us with any questions. We would be privileged to serve you and your constituents as an author, presenter or contributor and look forward to working with you in the near future.

# OUR LEADERSHIP

**Dalip Raheja**  
Chief Executive  
Officer

Dalip is a recognized thought leader, a frequent contributor to research papers and articles, and a speaker on the topics of Strategic Sourcing, Outsourcing, Offshore Outsourcing, and Change Management. He has been quoted in a wide variety of publications, including Purchasing Today, Baseline, and CFO Magazine.

As President and CEO of The Mpower Group, Dalip has over 30 years of experience managing large organizations and change initiatives. His work with Fortune 500 companies in the US and internationally covers all facets of the sourcing process, including contracting and negotiations, relationship management, and risk management. Dalip has been named by Supply & Demand Chain Executive as a “Provider Pro to Know” every year since 2007.

Prior to founding TMG, Dalip created and led the Strategic Initiatives group for Bank One. This internal consulting organization launched and managed large complex change initiatives for the bank. The group’s capstone achievement was creation of a comprehensive Strategic Sourcing program that achieved over \$1.3 billion in documented savings over three years and seamlessly integrated the spend of two other merged organizations. This effort encompassed every area of bank spend and involved both Insourcing and Outsourcing. Prior to joining the bank, Dalip was a Principal and Regional Business Development Manager in the Strategic Consulting Group of Digital Equipment Corporation. Dalip holds an MBA in Finance and Marketing.

**Anne Kohler**  
Chief Operating  
Officer

Anne is a recognized thought leader, a frequent contributor to articles and a highly sought after speaker on the topics of Strategic Sourcing, Change Management and Building World Class Organizations.

As one of the Founding Partners and Executive Vice President and COO of The Mpower Group, Anne has been leading consulting and financial management organizations for over 30 years. Anne is responsible for overseeing all firm operations and all client engagements and as such has built dozens of strategic relationships with client organizations. She has extensive expertise in Organizational Transformation, Competency Based Talent Management, Strategic Sourcing, Change Management, Supply Chain Management and Process Reengineering. In addition, Anne has been named by Supply & Demand Chain Executive as a “Top 100 Provider Pro to Know” every year since 2007 and a “Top Female Supply Chain Executive”.

Before founding TMG, Anne was the SVP of Strategic Sourcing and Initiatives for Bank One. In this role, Anne led a team of over 100 professionals, internal and external staff in developing and executing supply strategies for the entire bank’s externally purchased goods and services. Over four years, this organization managed over \$3 billion in annual spend and contributed in excess of \$1.3 billion in savings.

Prior to heading the Sourcing organization, Anne led a major reengineering effort of the bank’s finance function. This two year effort streamlined the finance organization and core processes, and was founded on a successful implementation of SAP as a fully integrated financial systems solution. During her time at the bank, Anne also led complementary initiatives focusing on Insourcing / outsourcing, vendor management, eProcurement, and financial reengineering. Anne started her career as an Audit Manager with Ernst & Young.

Anne is a CPA, CGMA and has an MBA in Finance from The University of Chicago.
